

# The “Quaran-team”

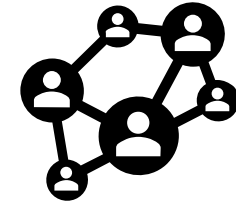

## CHARACTERISTICS OF THE QUARAN-TEAM INCLUDE:

Small group of residents (4-5)

Consistent staffing

Social connectivity opportunities & activity programming tailored to the team

## QUESTIONS FOR DISCUSSION:

What are the **possible benefits of creating quaran-teams** in your community?

What are the **possible drawbacks of creating quaran-teams** in your community?

How might we maximize our resources (e.g., PPE, sanitizing solutions) so that we can ensure residents and staff engage in natural and meaningful connections with one another?
